

# COOL DOWN WITH SOME COOL BOOKS

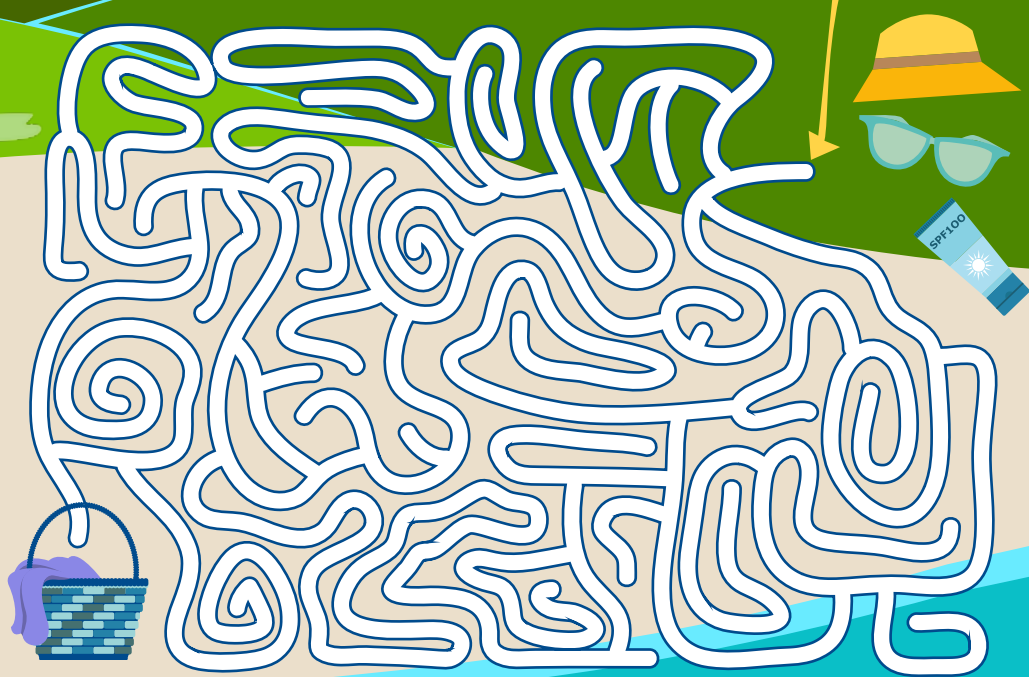

Summer is a great time to read, and it's free to visit your local library, making it a great way to save money over other summer activities. Plus, borrowing books costs a lot less than purchasing books. Just be sure to return or renew anything you borrow by the due date!

## What are other small ways your family can save money this summer? Here are some ideas:

- Turn off the air conditioning at night, and close the curtains when the sun is shining on windows.
- When possible and safe, walk or ride bikes instead of driving.
- Go to a free festival instead of paying for a movie or activity center.
- Visit garage and yard sales for household needs
- Take advantage of long summer days. Play outside in the evening instead of watching tv or running other electric devices inside.

## Starring: THE SUN!

Here in western and central New York, the "star" of summer is the sun, and it's fun to play outside when it's sunny. But never look directly at the sun, and be sure to protect yourself from the sun's rays when you're outside!

**Maze: Can you get these sun protecting items into the beach bag?**
